

**BUILDING EXCELLENCE**  
SINCE 1978

# Dedicated to bringing the best.

Since 1978, Scott Gilbert Construction has been building exquisitely crafted custom homes in Sioux Falls and the surrounding communities. Locally owned and operated, we specialize in building single-family homes. No matter your custom home needs, we're committed to providing you with the highest standard of service.

It starts with a  
foundation of trust.

When it comes to building  
the home of your dreams,  
you need a home builder you  
can trust. At Scott Gilbert  
Construction, we have the skills,  
knowledge and dependability  
necessary to build you a finely  
tailored home.

Our methods are impeccable.  
Our commitment is unwavering.  
And our promise is solid.

## Stunningly smart homes. One room at a time.

Designed to do more than impress, each room in our homes boasts the ideal combination of function, craftsmanship and practicality. When you build a home with us, you get to design it to fit your lifestyle. Our goal is to create the last home you'll ever want to build. That's why we take care to make sure everything works together. And does so beautifully.

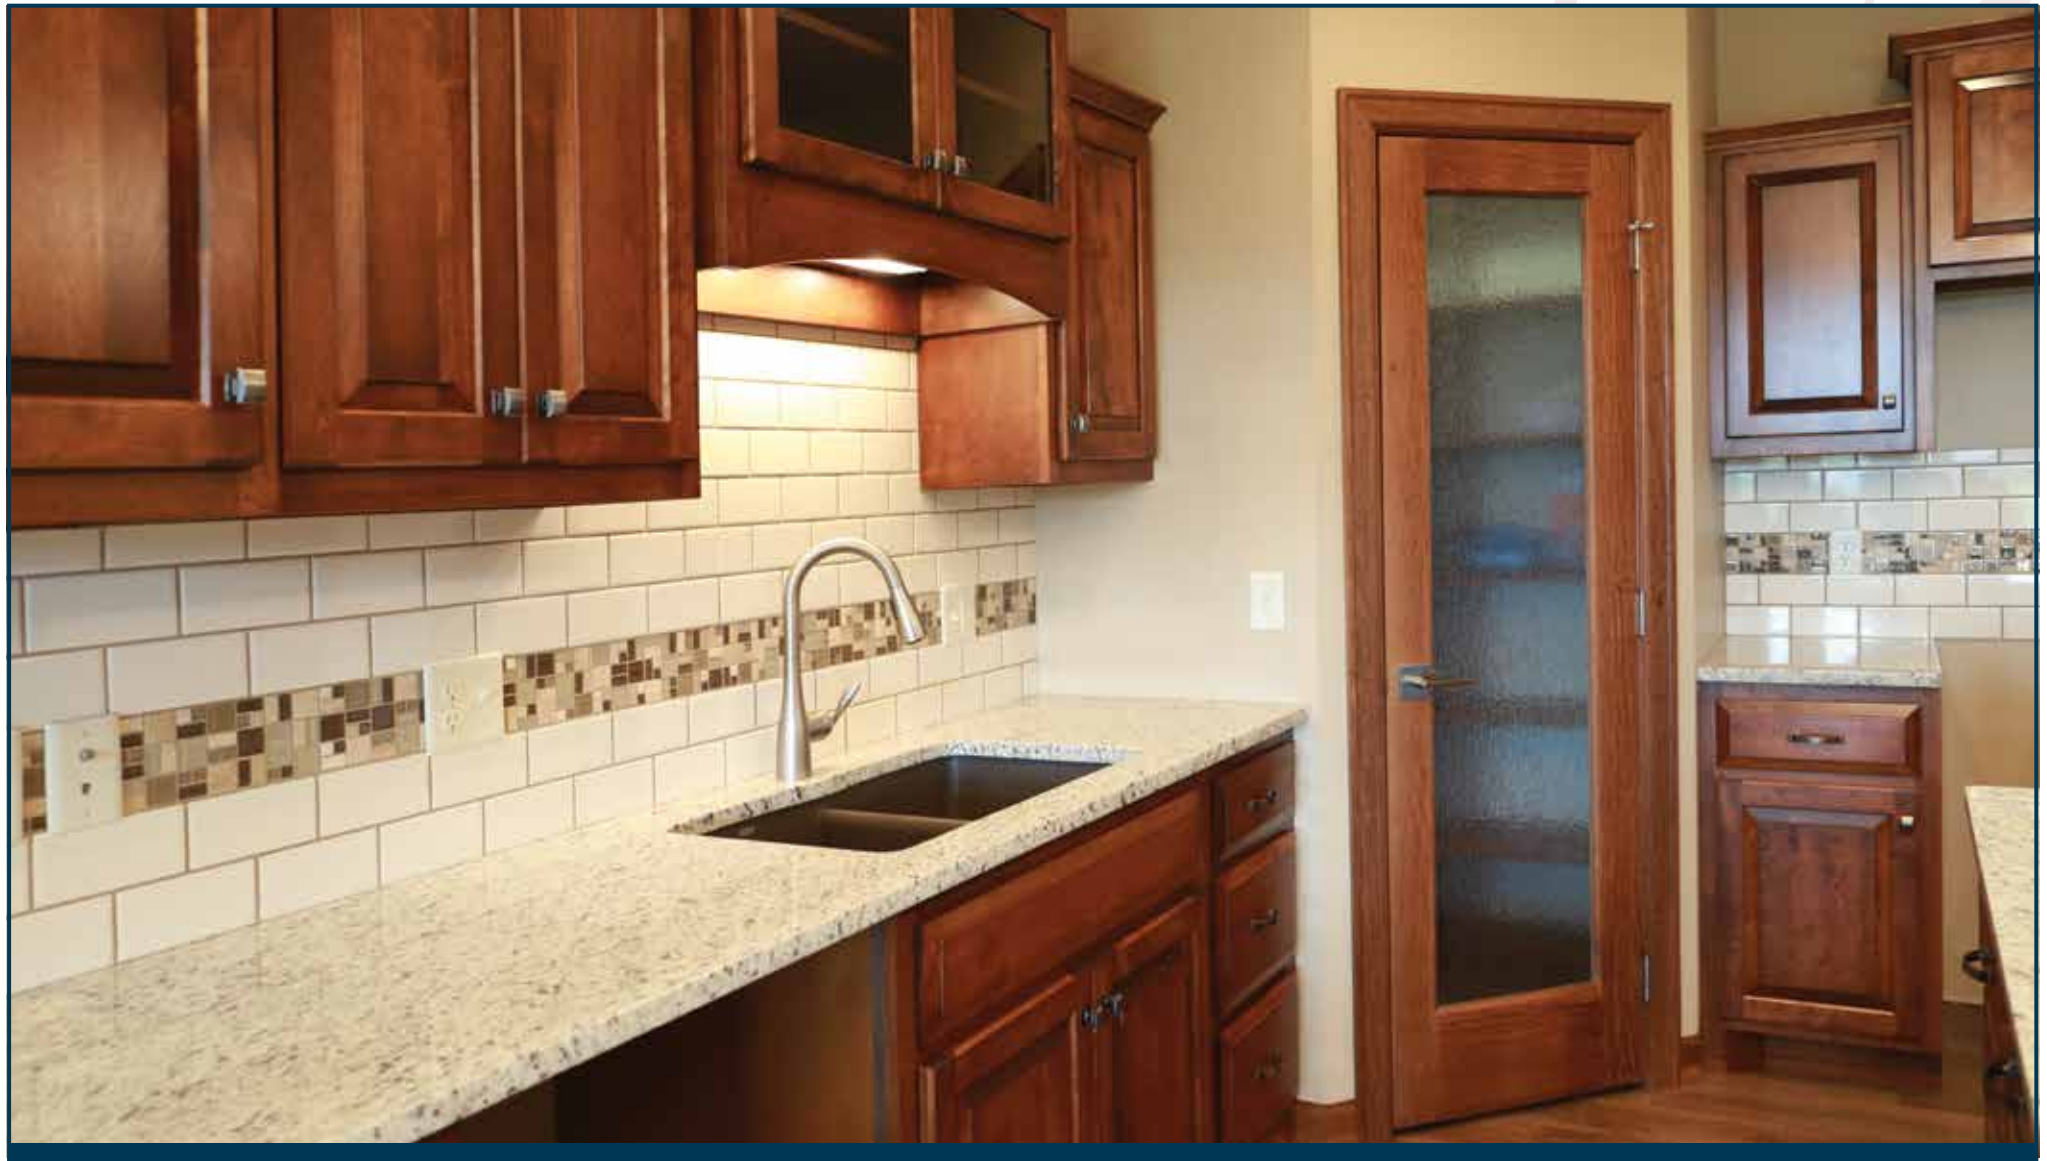

## We're professionals with pride.

To help us design your perfect custom home, we have a draftsman on staff with over 30 years of drafting experience. Our company offers one-of-a-kind details and rooms that incorporate all of your ideas. We educate ourselves on all the latest techniques and materials so we can continue to offer the best services in home construction.

## We also build relationships.

We don't see building a home as a transaction but rather journey of interactions. We believe the process should be collaborative from start to finish. Creating lifelong friendships with our clients is one of the reasons we love building custom homes. We're proud to say many of our past clients happily show off their homes to our prospective clients.

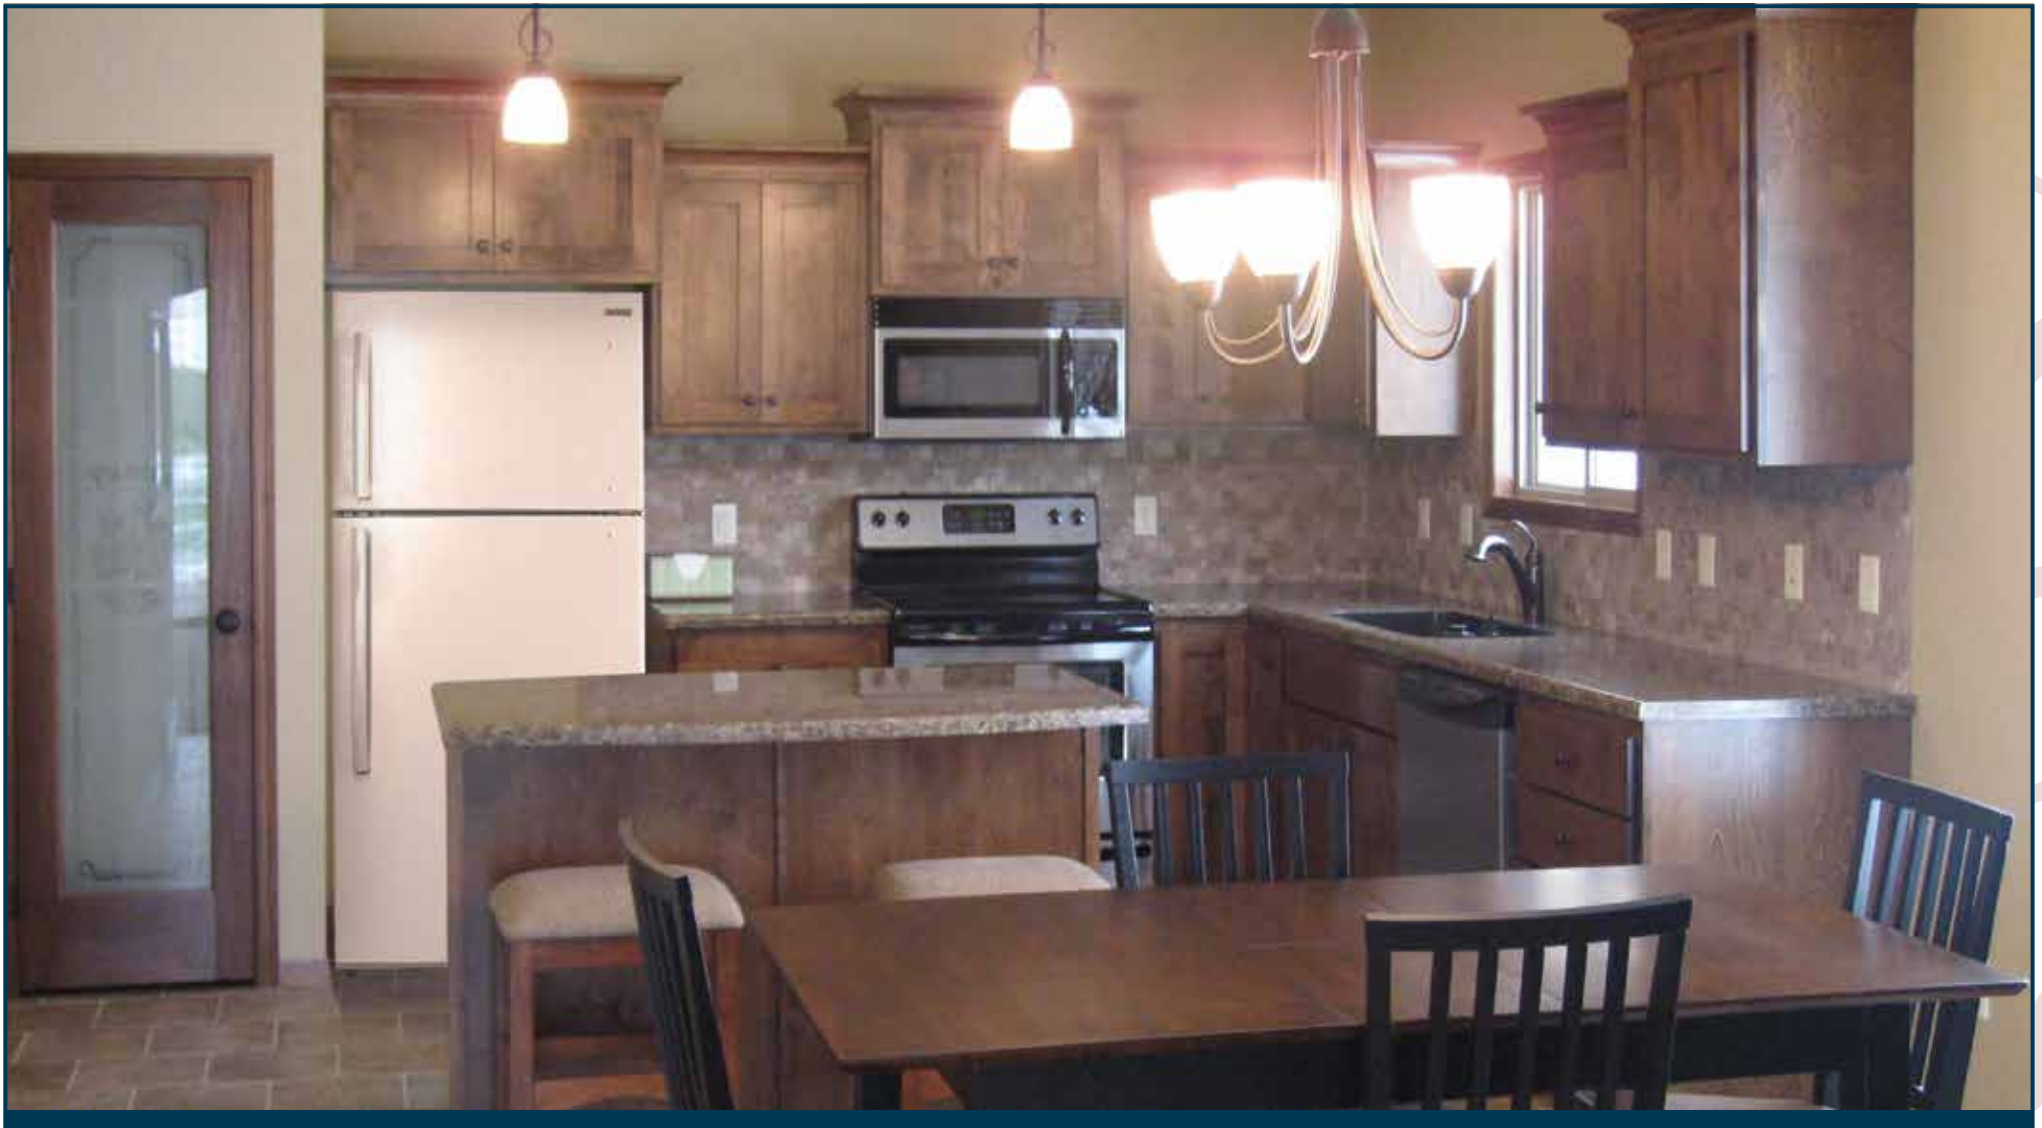

# Devoted to integrity, honesty and fairness.

We work with dependable people and products. No corners are cut.

No shortcuts are taken. Every interaction with you is conducted with honesty and transparency. Simply put, we recognize and respect your confidence in us.

Our word is as good as the  
product we deliver.

We understand your decision to invest in a custom home comes with a large personal and financial investment. That's why, no matter where we are in the process, we'll walk you through every detail and follow through on all our promises.
